

July 23th, 2019

DECLARATION
on Directive 2011/65/EU as amended on Commission Delegated Directive (EU) 2015/863
on the restriction of the use of certain hazardous substances in electrical
and electronic equipment (RoHS)

Steel product family:

- Flat products as Cold Rolled, Hot Rolled, Hot Dip Galvanized, Electro Galvanized, Metallic Coated steel, Packaging steels and their varnishes.
- Long products as Sections, Channels, Round & Flat bars, Reinforcing bars and Wire Rod.
- Mine supports and Road barriers
- Semi-finished products as Slabs and Billets.

Liberty Ostrava steel products listed here are in accordance with European Directive on electric and electronic equipments. Those products are produced without intentional addition of lead, cadmium and mercury.

The steels of the uncoated or metallic coated products may contain some residuals not intentionally introduced. Their maximum contents are:

Pb < 0.1 %, Cd < 0.01 %, Hg < 0.1 %

Liberty Ostrava steel products, including protective oils and the material used for their packaging, do not contain polybrominated biphenyls (PBB), polybrominated diphenyl ethers (PBDE), Bis(2-ethylhexyl) phthalate (DEHP), Butyl benzyl phthalate (BBP) Dibutyl phthalate (DBP), Diisobutylphthalate (DIBP) and hexavalent chromium (Cr^{VI}), above the current appropriate European thresholds¹.
