CERTIFICATE OF FACTORY PRODUCTION CONTROL

č. 1020 - CPD - 070029588

In compliance with the Directive 89/106/EEC of the Council of European Communities of 21 December 1988 on the approximation of laws, regulations and administrative privisions of the Member States relating to the construction products (Construction Products Directive – CPD), amended by the Directive 93/68/EEC of the Council of European Communities of 22 July 1993, it has been stated that the construction product:

Hot-rolled special bars, type K21, K24, P28, made of non-alloy structural steel grade E295 acc. to EN 10025-2:2004

designed for the production of metallic elements and parts forming the mine supports

produced by the manufacturer:

ArcelorMittal Ostrava a.s.

Vratimovská 689, 707 02 Ostrava – Kunčice, INo: 45193258

in the factory:

Vratimovská 689, 707 02 Ostrava – Kunčice

is submitted by the manufacturer to the initial type-testing of the product and a factory production control and to the further testing of samples taken at the factory in accordance with a prescribed test plan and that the notified body

Technical and Test Institute for Construction Prague

has performed the initial inspection of the factory and of the factory production control and performs the continuous surveillance, assessment and approval of the factory production control.

This certificate attests that all provisions concerning the attestation of factory production control described in Annex ZA of the standard

EN 10025-1:2004

were applied.

This certificate was first issued on June 15, 2006 and remains valid as long as the conditions laid down in the harmonised technical specification in reference or the manufacturing conditions in the factory or the FPC itself are not modified significantly.
